Reviews

"I've worked with Maddy numerous times, she's hands down one of the most talented vocalists I've ever had the pleasure to work with. Her sound is very current and ranges from soulful to edgy. She's fast and super professional, and has the great benefit of being both young and very experienced. Maddy can easily cover a wide range of styles and do so authentically. I highly recommend her."

"Maddy Hudson is a powerhouse. Her soulful vocals alone sets her apart from performers twice her age, but her contagious smile and sheer presence have made her the epitome of a rising star. You may have seen her performing on local stages, or on FOX's "American Idol," but this is only the beginning for Hudson."
